Human Resource

Mardan Foundation has a very highly devoted, qualified and experienced team to carry out the objectives of its projects. Total number of its paid staff is 20 and the number of volunteers is more than 200. In all the emergency response – Earthquake 2005, IDP's Crisis 2008-09, Flood Crisis 2010 our team responded quickly. In IDP Crisis, Mardan Foundation worked as front line organization and initialized their activities from the first day. The Volunteers conducted transparent assessment in IDPs host families and reported the need assessment to ED. In the recent flood of 2010 in Khyber Pukhtunkhwa the team of Mardan Foundation conducted surveys and small projects for helping the victims of floods in Khyber Pukhtunkhwa particularly in Nowshera and Charsadda districts of KPK.

In addition, Mardan Foundation has separate management departments like Finance Department, Logistic Department and Admin Department. All the departments report their activities to ED.
